For everybody that been talked about
For trying to find a way to make it out
And finding goods but you highly doubt it
I figured out, the drama you can do without it
Now please don't get me wrong
I know I haven't been around for too long
I've seen a lot in my seventeen years
Seen all the lies and the hurt and the tears
Now it's time for me to let it out
So glad, I wanna scream and shout
And all the haters, yeah I made it out
I figured out, the drama I can do without it
For everybody that been talked about
For trying to find a way to make it out
And finding goods but you highly doubt it
I figured out, the drama you can do without it
You made it here and you're just fine
I guarantee you'll be alright
Tonight you can clear your mind
All the drama is a waste of time
I know that times get hard and
Wonder how you made it this far and
Said to yourself, man why even try
Tired of the strife and the fight and the lies
Now it's time for you to let it out
'Bout time for you to scream and shout
For all the haters, yeah you made it out

Figured out, the drama, you can do without it
For everybody that been talked about
For trying to find a way to make it out
And finding goods but you highly doubt it
I figured out, the drama you can do without it
You made it here and you're just fine
I guarantee you'll be alright
Tonight you can clear your mind
All the drama is a waste of time
Go and get it, go and get it, go and get it girl
Go and get it, go and get it, go and get it boy

Go and get it, go and get it, go and get it girl
Go and get it, go and get it, go and get it boy
For everybody that been talked about
For trying to find a way to make it out
And finding goods but you highly doubt it
I figured out, the drama you can do without it
You made it here and you're just fine
I guarantee you'll be alright
Tonight you can clear your mind
All the drama is a waste of time
For everybody that been talked about
For trying to find a way to make it out
And finding goods but you highly doubt it
I figured out, the drama you can do without it
You made it here and you're just fine
I guarantee you'll be alright
Tonight you can clear your mind
All the drama is a waste of time
