

# Rich Kids

## Beatrice Miller

After school I always had to work  
I kinda love feeling like a jerk  
Cause I never got to talk to the guy I liked  
And that ain't right  
And then he met another type  
Made him buy her all the things she liked  
I learned a lot about life  
When she jumped in his convertible Oooh la da da da  
Without a care in the world  
Oooh la da da da  
I'm not that kinda girl Rich kids  
Got a lot to say  
Rich kids  
Never have to pay  
Everything's funny when you're young with money  
And mommy and daddy will pay the way  
Rich kids  
Never go to jail  
Rich kids  
Never buy on sale  
Rich kids always have the most fun  
Man I wish that I was one A little later on in life  
When I finally get my money right  
It's still never enough  
For the stuck up types They say my money's new  
And she's got a better view  
As they sail away on her father's yacht  
(This is what I got) Oooh la da da da  
Without a care in the world  
Oooh la da da da  
I'm not that kinda girl Rich kids  
Got a lot to say  
Rich kids  
Never have to pay  
Everything's funny when you're young with money  
And mommy and daddy will pay the way  
Rich kids  
Never go to jail  
Rich kids

Never buy on sale  
Rich kids always have the most fun  
Man I wish that I was one  
Maybe he's not for me  
Maybe he did me a favor  
Maybe he saved me some trouble down the line  
But maybe they're just like me  
Baby it's what they mean  
Don't judge a book by the cover  
Rich kids  
Got a lot to say  
Rich kids  
Never have to pay  
Everything's funny when you're young with money  
And mommy and daddy will pay the way  
Rich kids never go to jail  
Rich kids never buy on sale  
Everything's funny when you're young with money  
And mommy and daddy will pay the way  
Rich kids  
Never go to jail  
Rich kids  
Never buy on sale  
Rich kids always have the most fun  
Man I wish that I was one
