

# Where There's a Will There's a Way

**Delaney & Bonnie**

Honey, when we're together  
It seems like we both got  
A whole lot of nothing to say But I know if we try  
We can work it out someday  
Good Lord, I know if we try  
We can work it out someday (CHORUS)  
Cause I believe  
If there's a will  
Sure enough, honey  
There's a way  
If there's a will, yeah, yeah  
Sure enough, honey  
There's a way, oh, lord There ain't no need to worry  
Cause nothing's wrong  
It just ain't the time  
Or place, no, no And you can believe  
Nearly every word I say  
Oh, yeah, you can believe  
Nearly every word I say (CHORUS) Got to get a thing together  
Little less talking  
We have lots more to say When we're alone  
It's gonna happen anyway  
When we're alone  
It's gonna happen anyway (CHORUS) 3X
