

# I Do What I Love

Ellie Goulding

I do what I love  
I do what I love and I love what I do  
I do what I love, I do what I love How many times do I need to  
Need to fight you baby  
Just to get that it's no good  
And I know that I'm strong  
But my mind's almost gone  
And it's getting on my mood  
And all this buzzing you been doing  
See you got me hanging up  
See you really got me worse But I got to move on, baby  
'Cause bitches got to eat  
Got to get back to work  
I can't ask for your permission  
I can't wait for it  
'Cause I was born free  
I ain't taking shit I do what I love and I love what I do  
Stop me, stop me  
I'm stopping you  
Get the move right, baby, I'll show what I mean  
Don't stop me, stop me, I like how it feels  
I do what I love and I love what I do  
Stop me, stop me  
I'm stopping you  
Get the move right, baby, I'll show what I mean  
Don't stop me, stop me, I like how it feels How many hits do you need for  
Me to get it in you  
Get it in you  
And I'm strong and my heart  
In my heart it won't change  
For anyone or anything  
And if you're crying about your lover  
'Cause your lover is a dick  
This will get you over it But you got to move on, baby  
'Cause bitches got to eat  
Got to get do my sh  
I can't ask for your permission  
I can't wait for it  
'Cause I was born free

I ain't taking this I do what I love and I love what I do  
Stop me, stop me  
I'm stopping you  
Get the move right, baby, I'll show what I mean  
Don't stop me, stop me, I like how it feels I do what I love and I love what I do  
Stop me, stop me  
I'm stopping you  
Get the move right, baby, I'll show what I mean  
Don't stop me, stop me, I like how it feels I do what I love and I love what I do  
(I do what I love and I love what I do)  
Get the move right, baby, I'll show what I mean  
(Get the move right, baby, I'll show what I mean)  
Get the move right  
Get the move right  
Get the move right  
Get the move I do what I love and I love what I do  
Stop me, stop me  
I'm stopping you  
Get the move right, baby, I'll show what I mean  
Don't stop me, stop me, I like how it feels I do what I love and I love what I do  
Stop me, stop me  
I'm stopping you  
Get the move right, baby, I'll show what I mean  
Don't stop me, stop me, I like how it feels I do what I love and I love what I do
