

# Higher (ft. The-Dream, Pusha T & Mase)

## G.O.O.D. Music

I can see the unthinkable beyond visions and dreams.  
Some interpret the signs it's all a mystery to me  
But my faith sees the invisible,  
Looks into the soul that come across the unseen  
Am I blind or do I see for the first time  
In a world of hate where love's denied  
But my faith believes the impossible  
Here for the taking so I'm ready to go Higher, a place I've only imagined  
Higher, farther than I've ever gone  
Higher, it'll all make sense when I get there  
All the things I know and the things I don't  
I'm standing on my own This unparalleled life is a gift and not my own  
So I keep on walking through the valley of the unknown  
My faith redeems the most despicable,  
Low life, no good man like me  
My life is sketched out on these pages like a map  
Been good, I've been bad but it shows you where I'm at  
Look real close, it'll show you how to find  
The treasure of your soul, one love divine Higher, a place I've only imagined  
Higher, farther than I've ever gone  
Higher, it'll all make sense when I get there  
All the things I know and the things I don't  
I'm standing on my own If that's all that you have to give (is that all you have to give)  
Take me higher, I want to go higher  
Go ahead, I won't settle for less  
Take me higher, I want to go higher  
So you can do what you want  
And say what you want  
Live how you want  
And die how you want  
But this faith has put my mind at ease,  
Souls at peace and my spirit flies free! Higher, a place I've only imagined  
Higher, farther than I've ever gone  
Higher, it'll all make sense when I get there  
All the things I know and the things I don't  
I'm standing on my own
