

Good Time

Out of Eden

I've been down and out wondering what it all about
So many pressures and the burden seemed too much for me
To bear I tried to fight it but there were shackles on my hands
Tried to deny it 'til oppression took commandTurned to the Savior and He opened up my eyes
It caught me by surprise, told me somethin' that was no lieIt's a good time, a good time to be free
It's a good time, time to get free inside
It's a good time, a good time to believe
It's a good time, time to get free insideNow you're down and out wondering what your life's about
Try to laugh your fears away so you party everyday
What you are feeling? There ain't nothing new to find
What you don't know is, your life is on the lineTime to discover there's so much more to this than just
The way you live I know someone with freedom to giveIt's a good time, a good time to be free
It's a good time, time to get free inside
It's a good time, a good time to believe
It's a good time, time to get free insideSo let your spirit hear and put your mind behind
There's a freedom that only in Him you'll find
If you heed the call you will have all you need
'Cause who the Son sets free you know is free, free indeedIt's a good time, a good time to be free
It's a good time, time to get free inside
It's a good time, a good time to believe
It's a good time, time to get free insideWhat do you want to do with your life
It's up to you, you've got to decide
There's freedom here if you want it
Just make up your mind it is a good timeIt's a good time, a good time to be free
It's a good time, time to get free inside
It's a good time, a good time to believe
It's a good time, time to get free inside
It's a good time, time to get free inside[Unverified]It's a good time, a good time to be free
It's a good time, time to get free inside
It's a good time, a good time to believe
It's a good time, time to get free inside
