Only One Love In My Life

Ronnie Milsap

So many times these few dreams of mine
Seem hidden behind a mountain too high to climb
But you were the one who said, "Go on follow your star"When the song in my heart was just a voice in the dark
You could hear my melody
There's only one moon that shines in the night
And only one love in my lifeOnly one love in my life
Only one love in my life
I'm a ship on the open ocean
Darling you're my guiding lightThe radio played my new song today
And I heard someone say, "Man, he sure got it made"
If only they know how much you have made of meTogether we came from nowhere to fame
And I never could have made it alone
For me there's only one moon that shines in the night
And only one love in my lifeOnly one love in my life
Only one love in my life
I'm a ship on the open ocean
Darling you're my guiding lightYeah, only one love in my life yeah
Only one love in my life
I'm a ship on the open ocean
Darling you're my guiding lightYou're my guiding light
And you're the only love in my life
