

# On an Evening In Roma (feat. Gus Levene)

## Dean Martin

Advisory - the following lyrics contain explicit language:

Como e' bella ce' la luna brille e' strette  
Strette como e' tutta bella a passeggiare  
Sotto il cielo di Roma Down each avenue or via, street or strata  
You can see 'em disappearin' two by two  
On an evenin' in Roma Do they take 'em for espresso, yeah, I guess so  
On each lover's arm a girl, I wish I knew  
On an evenin' in Roma Though there's grinin' and mandolinin' in sunny Italy  
The beginning has just begun  
When the sun goes down So please meet me in the plaza near your casa  
I am only one and that is one too few  
On an evenin' in Roma Don't know what the country's comin' to  
But in Rome do as the Romans do  
Will you on an evenin' in Roma? Though there's grining and mandolining in sunny Italy  
The beginning has just begun  
When the sun goes down Como e' bella ce' la luna brille e' strette  
Strette como e' tutta bella a passeggiare  
Sotto il cielo di Roma Don't know what the country's comin' to  
But in Rome do as the Romans do  
Will you on an evenin' in Roma? Sott'er celo de Roma  
On an evenin' in Roma
