Girls 'Round Here

Shampoo

We go down to Flamingos
On a Saturday night
It's like a meat market
Under spinning lightsWe're itchy, we're bitchy
We're gettin' kinda mad
But the life that you're
Living is really kinda sadThat's girls 'round here
(Girls 'round here)
Girls 'round here
(Girls 'round here)
They say we're strange
And they say we're queer
That's the girlsSo you're gonna have a baby
And then you get your flat
But you're living in a deep freeze
And that's not where it's atWe're itchy, we're bitchy
We're gettin' kinda mad
But the life that you're
Living is really kinda sadThat's girls 'round here
(Girls 'round here)
Girls 'round here
(Girls 'round here)
They say we're strange
And they say we're queer
That's the girls
