

# Ripped Inside

[Tasmin Archer](#)

You've got no reasons for the things you said  
But you can't keep your feelin's to yourself  
And I can't find an answer to this emptiness  
No, I can't find an answer and I wish that I was dead  
I never dreamt I'd hear your echo pounding in my head  
And though the tears have dried, I'm ripped inside I'll say I'm feeling fine but what's the use  
When nothing could be further from the truth  
Oh, where will I find comfort, strength to live again?  
If there's a God above then show me how the story ends  
If there's a God above then how could he desert a friend?  
Because I feel so tired and ripped inside  
And though the tears have dried, I'm ripped inside You'll ache for me when your hands are tied  
You'll wish you lived in another time  
And if you're thinking the pain subsides  
There's no place to hide when you're ripped inside There's no meaning in the things you did  
And you might still go on denying it  
If you could live that hour again, would you resist?  
Or was I just another victim innocently picked?  
Was I carefully selected or the next one on your list?  
To be cut down to size and ripped inside
