

# Iceman

## Sammy Hagar

Look out!  
Here he comes, skatin' down the street  
You can tell he's cool,  
By the way, he moves his feet  
Always on the thin side  
he's so careful what he eats  
OW!  
I said the ICEMAN  
(yeah)  
He's in town  
Must be the ICEMAN  
(let it be known)  
He's got a teaspoon, hangin' from his neck  
Freeze ya to the bone ladies, this man is pure sex  
You ain't seen nuthin', til you've seen him flex  
OW!  
I said the ICEMAN  
Has come to town  
Must be the ICEMAN  
(I heard he's back)  
(yeah)The ICEMAN  
(There's no mistake)  
He's got the best life in town  
He's always hangin' 'round (yeah)  
If you put it up, he'll put 'em down  
He's freezin', this man ain't cold  
I said the ICEMAN has come to town  
The ICEMAN has come to town  
Heah, so beware ladies  
The ICEMAN has come to town  
(Oh) You better grab your woman boy  
The ICEMAN has come to town  
Look at 'em, here he comes now, drivin' down the road  
The ICEMAN has come to town  
Hey man, all leaned off to one side, you know  
White on white, from his head to his toes  
Right on down, to his big long white Eldorado  
And if he ain't there, man there's no place to go  
That's cause the ICEMAN, he's in town

Must be the ICEMAN (nobody else)  
The ICEMAN, I know he's in town  
oh-oh-oh-oh-oh yeah  
The ICEMAN has come to town  
WHOO!  
Look out, here he comes now, babeh  
The ICEMAN has come to town  
The ICEMAN has come to town  
oh-oh-oh-oh-oh ohyeah  
The ICEMAN has come to town  
You better grab, better grab your woman boy  
The ICEMAN has come to town  
WHOO!  
This man ain't got it no, he ain't got it, no no  
The ICEMAN has come to town  
Look at him, there goes a sucker, so bad  
{fade}
