

# Penguin, James Penguin

Brad Paisley

Well the reindeer pull the sleigh, and the elves make the toys  
these are stories well known to all little girls and boys  
but I got another story that I bet you haven't heard  
did you know that santa, has a secret agent bird

He's Penguin, James Penguin  
that dafter little guy  
like a well-dressed duck in a 3 piece tux  
He's santa's secret spy

Now have you ever wondered santa claus keeps taps  
How he knows how you've been good  
How he knows when you've been bad

Well it's Penguin, James Penguin  
that dafter little guy  
like a well-dressed duck in a 3 piece tux  
He's santa's secret spy

From an undisclosed location, he's watching me and you  
He's got satellite uplinks in his cuff links  
Yeah, he sees everything you do

He's Penguin, James Penguin  
that dafter little guy  
like a well-dressed duck in a 3 piece tux  
He's santa's secret spy

Not so very long ago Santa didn't need much help  
But with more and more kids every year he soon got overwhelmed  
He told the elves one Christmas we can't do this anymore  
then a knight in shining polyester waddled through the door and it was

Penguin, James Penguin  
he was there to save the day  
he had wireless and GPS outfitted on the sleigh  
and Santa said Penguin, won't you be my ears and eyes  
how'd you like to help me run my SCFBI

He's Penguin, James Penguin

and now I guess you've heard  
how Santa got his little Christmas secret agent bird
