

Eight Years Old

Ben Lee

You know, you never change your ways
And I don't mean the way you brush your hair
You know, you never change your ways
And I don't mean the clothes you wear
And I don't want you to lose your inhibitions
Just be a bit more flexible
By dictionary definition
Be a bit more ductile like me
You know, you never change your ways
And I don't mean the life you lead
You know, you never change your ways
And I don't know what you need
And I don't want you to lose your inhibitions
Just be a bit more flexible
By dictionary definition
Be a bit more ductile like me
I'm hoping you'll be
A bit more ductile like me
I'm hoping you'll be
A bit more ductile like me
Here's hoping you'll be
A bit more ductile like me
