

# Drowning

## Scary Kids Scaring Kids

Stand up, you know you have the right too  
Speak up, for the things that you believe  
As we lift off, they will stab you in the back over again  
Take your integrity How long will you let this go on?  
They're drowning you in fear Speak up, your voice just isn't breaking through  
It's time now, it's gone on way too long  
As we lift off, they will tear you into little pieces  
I think there is something wrong How long will you let this go on?  
They're drowning you in fear  
You're letting your hopes go straight to hell  
And I know the end is near, is near The time will come, the time will come  
The time will come  
You will be sorry for what you've done  
The time will come How long will you let this go on?  
They're drowning you in fear  
You're letting your hopes go straight to hell  
And I know the end is near, is near You say you're sorry  
For what it's worth
