

Best Friend

The Drums

Your my best friend but then you died
When I was 23 and you were 25
Your my best friend but then you died
And how will I survive, survive, survive, survive?
Oh how will I survive, survive, survive, survive? And everyday I waited for you
And everyday, on the top of your car
And everyday I waited for you
And everyday on the hood of your car I had a dream of you
You were drifting away
You were sad
The ocean was drifting away
And I know you're gonna be okay
Cuz' I can see it in your eyes, your eyes, your eyes, your eyes
And I don't know if I'm ever going to survive, survive, survive, survive And everyday I waited for you
And everyday, on the top of your car
And everyday I waited for you
And everyday on the hood of your car
And everyday I waited for you
And everyday, on the top of your car
And everyday I waited for you
And everyday on the hood of your car
