Short Blonde Hair

Everclear

One, two, three
Hey I think this is getting to me
Yeah, first class living in a goldfish bowl
Just when I think I have driven my life where I wanted it to be
Yeah, it takes me to a place that I do not wanna go
All I ever wanted to do was to learn how to break this world in two
Teach it all the tricks that I wanted to learn
Teach it how to do what I wanted to do
Yeah, no one really understands how simple and plain and predictable I am
Because all I ever wanted to do
Was to play guitar in a rock and roll band
Now I'm just losing my hair
And I'm learning how to smile like I just don't care
No, no I just don't care
I hear them under their breath
No I just don't care
What they say when they think that I can't hear them
I see them point and I see them stare
There goes that stupid guy with the short blonde hair
Yeah, I think this is getting to me
Now that's first class living in a goldfish bowl
Yeah, just when I think I have driven my life where I wanted it to be
It takes me to a place that I don't wanna go
All I ever wanted to do was to learn how to break this world in two
Teach it all the tricks that I wanted to learn
Teach it how to do what I wanted to do
No one really understands how simple and plain and predictable I am
Because all I ever wanted real bad
Was to play guitar in a rock and roll band
Now I'm just losing my hair
And learning how to smile
No, no I just don't care
I hear them under their breath
No, I just don't care
What they say when they think that I can't hear them
I see them point and I see them stare
There goes that stupid guy with the short blonde hair
Short blonde hair
