

2 Cups (feat. Z-Ro)

Fredo Santana

Ohhhh, ahhhh
Two cups, two cups, two cups is all I need
Ran out of syrup, need more lean
Need more Backwoods, need more weed
Couple Perc pills, can't forget my Zannies
Two cups, two cups, two cups is all I need
Two cups, two cups, two cups is all I need
Two cups, two cups, two cups is all I need
Fredo keep shooters, ain't no robbing me
Two cups is all I need
Walking round with two cups like a fiend
Wish I never would try lean
Goin' off this drink but I'll kill a nigga
Niggas with they hands out but they wasn't with a nigga
Drinkin' out the bottle just to feel it nigga
Hit you in your face, make sure you feel it nigga
Sipping all this drink even though it kill my liver
I let this shit kill me before one of you fuck niggas
If you ain't gettin' money, I can't deal with you
Heard you want beef, I let these bullets hit you
Two cups, two cups, two cups is all I need
Ran out of syrup, need more lean
Need more Backwoods, need more weed
Couple Perc pills, can't forget my Zannies
Two cups, two cups, two cups is all I need
Two cups, two cups, two cups is all I need
Two cups, two cups, two cups is all I need
Ugh, two cups is all I need, I might end up with six
Leaning so hard I went to sleep at six woke up at six
I'm a veteran, every twenty ounce at least a six
They say Z-Ro "you need to stop", I say "get off my dick"
Y'all better be lucky I'm not sober, too fucked up to trip
Otherwise I'd roll up on my enemies with extra clips
Cause I can't leave drank alone
Fuck a soda, straight to the dome
I'm leanin' so hard
I thought I was I was at home but I woke up in your yard
I drop a nine in a two liter cause I go hard
That's why my attitude be fucked up before the show start
I'm leanin'
Two cups, two cups, two cups is all I need
Ran out of syrup, need more lean

Need more Backwoods, need more weed
Couple Perc pills, can't forget my Zannies
Two cups, two cups, two cups is all I need
Two cups, two cups, two cups is all I need
Two cups, two cups, two cups is all I need
