

This World

Selah Sue

Stay -uh
Stay -eh
Oo ohEh
Let's go on -eh
DuhIt's all fear, real danger
This world ain't simple
But I'm strong, I know how to get out
And I'll find my way, 'cause
'Cause it's love, real simple
That's how it works
Oo-oohSo won't you just give it up, 'cause you don't understand
Big it up, but you don't understand-whispering-
This world, this time
I feel, explode
Fading, just teasingAnd it's really nice, but you don't understand
So big it down, cause you don't understand-whispering-
This world, this time
I go for less(Eh-eeh)
'Cause you don't understand, babyI feel it's falling down,
I know I'll catch it
You crazy world, crazy world -eh
I feel real passionate
You feel the sun comes down
I'll make it shine e-eh
You crazy world, crazy world e-ehOh ya-h
DuhI can see your fear, 'cause
'Cos' this world ain't simple
but I'm strong
I know how to stay out
And I'll find my way 'cause
'Cause it's love, it's love,
it's love, it's love,
it's looove n-yeh
Oh-oohSo won't you just give it up 'cause you don't understand
Big it up but you don't understand-whispering-
This world, this time

Fading, just teasingAnd it's really nice but you don't understand
So big it down, 'cause you don't understand-whispering-

This world, this time
