

# Locked-In

## Firehose

Locked in to a dream  
Step by step  
Crawling but static  
Unchanged, unchanged Locked into emotion  
Finely tuned, aching to escape  
Harmful, harmless  
Unfounded, unfounded Locked in to this world  
Sinking in deeper, colder  
Stiff with reality  
Unclouded, unclouded Locked in to the end  
Hoping to find a dream  
Emotion, world tied together  
Unending, unending
