

Hung Myself Out To Dry

Pugwash

I never understood such scandal
I never understood that gamble
 When looking for love
 Just looking for love
I never understood such notions
I never could reveal emotions
 When looking for love
 Just looking for love
 Then push came to shove
And I hung myself out to dry
Happy to leave the world I live in
 So I hung myself out to dry
How did I take so long believing
The past was my present future
 I didn't want to be a loser
 When looking for love
 When looking for love
 As I look for my future today
And straight from a sunny winter
Still I can't believe I met her
 When looking for love
 When push came to shove
 So happy I jumped
 When I hung myself out to dry
Happy to leave the world I live in
 When I hung myself out to dry
How did I take so long believing
Hung myself out to dry...
