

Blue Valient

Katastrophy Wife

I feel on fire
Like I never have before
Your baby's tired
He's licking at my floor
I open my...
My myopia for you
Cold final hour
My love is in a-muse
I can hear you crying
If you want I'll watch you die
We could be surviving
And the time would pass us by
Retina Scryer
She (w)rote it in a moor
Blue Valient power
Your valor in a-choard
I'll open my...
My myopia for you
(El) L's only tower
You're suffering a fool I can hear you crying
If you want I'll watch you die
We could be surviving
And the time would pass us by
