Nine

Samantha Jade

I realized though it took me some time
To see it clear, you're always here
I open my eyes on the count of 5
With every tear, my greatest fear
Forget about the four leaf clover
Everything they told us
Still the one that we believe in
Sold over your shoulder, fears are growing older
You can let them go and breathe in'Cause I got you here
I got you here with me
I got you, yeah
And you got me and we're
Lucky, lucky
Day after day and there's so much to say
My only hopes, you hear me though
I speak to the stars but you shine in my heart
You're never far when we're apart
Forget about the four leaf clovers
Everything I sold you
Shooting stars and superstitions
You're my lucky penny, pockets never empty
We don't need no wishing wellsWhen I got you here
I got you here with me
I got you, yeah
And you got me and we're
Lucky,
I got you here
I got you here with me
I've got you and you got me and we're
Lucky, lucky
Lucky, lucky
Like a??? we're always on fight
Keep on landing on our feet
Go ahead and roll the dice
Let it all decide
I'm scared of losing anything'Cause I got you here
I got you here with me
I got you here and you got me and we're
Lucky

I got you here
'Cause I got you here
I got you here and you got me and we're
Lucky, lucky, yeah
Lucky, lucky, yeahI realized though it took me some time
To see it clear, you're always here
