

The Song Is Alive

Point Of Grace

Can you hear the song moving on the wind
Calling us home, drawing us in
It's a wave of love that's melting all resistance
Can you feel it, when it starts
It's within the reach of our hearts
It'll change the world around us if we listen
It's the living, breathing message
Of the mercy of our god(chorus)
The song is alive
Stirring hope in the soul, don't you know
It's the heartbeat of life
Moving us with a love
That's never ever ever gonna die
The song is aliveIt's pushing down walls, driving out doubt
No power on earth's gonna drown it out
And in the middle of the night his voice will lead us
And the music plays on
When we start to sing the song
No nothing's gonna stop the faithful love of jesus
It's the living, breathing message
Of the mercy of our god(repeat chorus)Welling up in us, a love beyond compare
Spilling from the lips of the believers everywhereDon't you know, don't you know, don't you know
The song is alive
Don't you know, don't you know, don't you know(repeat chorus)It's pushing down walls, it's driving out doubt
Don't you know
