Angel In The Night

Basshunter

You're my angel in the night
You're my angel in the night
You're my angel in the night
Your hair is dancing in the wind
Your eyes are burning up my skin
And I'm so happy when I see
That you are smiling back at me
You're leaving burn marks on the ground
Thank you God for what I've found
I don't know how, I don't know why
But you're my angel in the night
You are my light in the dark
You are the beating in my heart
Let me hold you now
Just like days before you start to cry
You are my light in the dark
You are the beating in my heart
But that is not enough
Will I ever be by your side?
You're my angel in the night
I try my best to satisfy
But all you do is wave me goodbye
I don't know what I'm gonna do
But I'm so crazy about you
Even if I don't know where to start
Even if my love is tearing me apart
I just know that you and me
We are always meant to be
You are my light in the dark
You are the beating in my heart
Let me hold you now
Just like days before you start to cry
You are my light in the dark
You are the beating in my heart
But that is not enough
Will I ever be by your side?
You are my light in the dark
You are the beating in my heart
Let me hold you now

Just like days before you start to cry
You are my light in the dark
You are the beating in my heart
But that is not enough
Will I ever be by your side?
