Days (X)

Jimmy Gnecco

I surrender to it
What am I doing?
Fighting things we can't fightAll the damaged souls
Crawling out this morning
Crawling out to see the lightSo many nights, so many days
So many lies are lost
And I'm reaching out
The days are going dark in my heartI walked down a hole
I fall down some more
I'm calling out so we don't dieAnother who killed her soul
Just to feel some more I'm
Finding out that were alikeSo many nights, so many days
So many lies are lost
And I'm reaching out
The days are going dark in my heart
The days are going dark in my heartGot to get out of here
Got to get out of here
Got to get out of here
Gotta get outGot to get out of here
Got to get out of here
Got to get out of here
Gotta get outOpen your heart
Again to me
