

# Long Way Home

## The Vagabond Union

Oh, it's cold and lonely here  
Here in this telephone booth  
There's three sides to every story, baby  
There's yours and there's mine and the cold, hard truth  
I think there's something missing 'round here  
I don't know where it's gone  
But it's a long way back home  
The heat don't work  
The toaster don't work  
And the car don't work  
And I guess I know why  
This house don't work

And this dream don't work no more  
And lover, neither do you and I  
I fall asleep with the colors flying  
Over sand and foam  
But it's a long way back home  
I know your heart is breaking  
Maybe my heart's breaking, too  
And it's a long way back home  
It's a long way back home  
It's a long way back home
