

These Fangs

Say Hi to Your Mom

Turn away, turn away
I'm not sure I'd like you to see me this way
Most days these fangs are inside someone
So you cant see them when when I smile at you And I don't mind if you want to hide your fangs too
And I don't mind if you want to hide your fangs too
And I don't mind if you want to hide your fangs too It's okay if you want out, go find yourself another
I'll just sit here, there's good stuff on the tele
But no, nothing good can ever come
From the convergence of two, two dark gloves And I don't mind if you want to hide your fangs too
And I don't mind if you want to hide your fangs too
And I don't mind if you want to hide your fangs too
