

90's Babies

Victoria Monet

We like days off, smoke bombs, and them 90's sic coms
up all night long we gon be forever young
loud bass, fast cars
yea we love that worlds star
under rated underdogs
we like Kanye, new shoes, we dont follow
your rules, love hard
last long when we hangin with the crew
chill vibe, good times, never want
the bad news
coz that is what we choose
we were born to go against the grain
stay truthful over everything
we're bound to do whateva we like
we were born to go against the grain
no matter what the people say
we're bound to do whateva we like
and thats life.we like outdoors, snow war, but we still some renerga
cartoons, good food, somethings just dont ever change
whenever we do it we do it our way
we were born to go against the grain
stay truthful over everything
we're bound to do whateva we like
we were born to go against the grain
no matter what the people say
we're bound to do whateva we like
and thats life.
