

Child of the Desert

Circa Survive

Closing up, right in with sand
Stretching like a child in the night
Trusted me, knowing he could see
I would never lead you astray

All, all is lost, all will be returned in the end
Iâ€™ll be at, Iâ€™ll be at the sun when it begins

Resting in the finest, blowing in the breeze
Calculate the pattern and its cause in my disease
Shadow of the desert, never had it made
Knowing it would never be the same

Taking it, underneath the sun
Watched we turn some
Donâ€™t believe, time will have you see
I would never lead you astray

All, all is gone, all will be returned in the end
Iâ€™ll be safe,â€ just give it away
Give it away, give it away

Melting in the shadows, melting in the dark
Rise above the surface, eliminate the spark
Wild like a daydream, soon will be erased
Searching for the moment to evacuate the race

Resting in the finest, blowing in the breeze
Calculate the pattern and its cause in my disease
Shadow of the desert, never had it made
Knowing it would never be the same

Not sure Iâ€™ll make it
Iâ€™ll take my time, I came away
Come walk clear with me
I wonder, I wonder
I donâ€™t want, I donâ€™t want
I donâ€™t want to take my time
