

# Your Love Endures

## Third Day

Ready?

Yeah Though the treasures of this life may fade

Your love endures, forever

They will pass away, things that man has made

But your love endures forever No, I can't explain or even understand

Why you gave your life to save sinful man

But I know it's true, I've seen it myself

Yes, your love endures forever Though the seasons change with the passing time

And your love endures forever

And the sun will fade if just for the night

Still your love endures forever No, I can't explain or even understand

Why you gave your life to save sinful man

But I know it's true, I've seen it myself

Yes, your love endures forever Though our pains and joys will come and go

Your love endures forever

Even in my fears, I will always know

That your love endures

Yes, your love endures forever, no, oh, no no

Oh forever, oh no no
