Over the Edge

Over The Edge

I'm here at the crossroad
Where my life is heading? Man, I don't know
Should I stay of should I go?
'cause anythings better than what I've been through
What I would give to get a sign from above?
Letting me know that everything would be okay
I wish someone would pull me up from out of the mud.
Will anyone out there say to meI'm here (I'm here)
For you (For you)
Don't worry 'cause I got you (I got you baby)
Don't trip (Don't trip) Don't stress (Don't stress)
My life seems to be heading
over the edge
Feels like I'm heading over the edge
Feels like I'm heading over the edge
Feels like I'm heading over the edge
the edge, the edgeNow everyday that goes by (goes by)
I see things that'll make another man cry (man cry)
I'm sitting, wondering why ('rin why)
I can't find someone to fit in my life. (my life)
See I was searching (I was searching), but am I worth it? (am I worth it)
And did they every think I'm good enough for her? (for her)
Despite my suffering (despite my suffering) I felt the loving (I felt the loving)
And she was there when I needed her the most.And that's the sign that I recieved from up above
Letting me know that everything would be okay.
And she was that someone that pulled me out of the mud.
And also was the one that said to meI'm here (I'm here)
For you (For you)
Don't worry 'cause I got you (I got you baby)
Don't trip (don't trip), don't stress (don't stress)
My life seems to be heading
over the edge
Feels like I'm heading over the edge
Feels like I'm heading over the edge
Feels like I'm heading over the edge
the edge, the edgeNo matter, no matter how far you fall down
You gotta, you gotta be ready to stand up
I've been through the same thing you're going through (been through the same thing)
but you've got to believe in you

(ooh yeah)
No matter, no matter how far you fall down (oooo)
You gotta, you gotta be ready to stand up (gotta be ready)
I've been through the same thing you're going through now (stand up)
But you've got to belive in you
'cause I've got youI'm here, for you
Don't worry 'cause I got you
Don't trip, don't stress
My life seems to be heading
over the edge
Feels like I'm heading over the edge
Feels like I'm heading over the edge
Feels like I'm heading over the edge
the edge, the edge
I'm here, for you
Don't worry 'cause I got you
Don't trip, don't stress
My life seems to be heading
over the edge
Feels like I'm heading over the edge
Feels like I'm heading over the edge
Feels like I'm heading over the edge
the edge, the edge
