

Better For You

Kutless

My decision cannot be put off again
I see the right choice but my heart is filled with dread
It all seems backwards in my head, my head I know it seems too wrong to be right
This way is so much harder to fight
But in the end I know it is true
This way is better, it's better for you Choose a little pain and gain a life with joy
Accepting pleasure now will earn a life of pain
It all seems backwards in my head, my head I know it seems too wrong to be right
This way is so much harder to fight
But in the end I know it is true
This way is better, it's better for you, for you Sometimes I wonder why it's this way
When it's done the burden is gone
This discomfort will be taken away
As soon as it's over, it's over for me I know it seems too wrong to be right
This way is so much harder to fight
But in the end I know it is true
This way is better, it's better for you, for you
