

# American Soldier

## Bizzy Bone

Yeah, Im an American souldier (too all my souldiers in Afghanistan)  
Just an American souldier. So many souldiers standing on the block yeah  
trying not to get shot, ohh love my thug ways So many souldiers standing on the block yeah  
trying not to get shot, ohh love my thug ways  
Im an American souldierx2 Just an American souldier  
Im an American souldier Same regiment early in the morning like a veteran  
Its the way we do it can't nobody do it better man  
Afghan children cover up their women and  
from here to river Jordan you gon' treat em like a gentleman  
Come home, shell shock, we be rebuilding pac ol' block  
President Obama look at all the purple hearts I got  
Cant stop, wont stop, dont stop, purple block  
The killer gta be fully aware of why the gunshots  
Post ups, set up position, trained position  
30 round of a magazine, M16  
I been made my decision, God country, God willing  
The land of the brave, the slaves, we Gods children  
When i die, I'm draped in flags of a bullet on my nigga  
take my packback ? and take a swing out off the glass  
People dont know the half, Allah means Jesus  
and anybody can ask. So many souldiers standing on the block yeah  
trying not to get shot, ohh love my thug ways x2  
Im an American souldierx2 Just an American souldier  
Im an American souldier Kaboom! Another kid gone. He aint even get a sad song  
That be mad wrong Aint have a choice he doin what he told  
He only, 9 years old, so what the hell is this kid doing in a warzone
