

I Can't Let You Go (Jan Vervloet Remix)

Ian Van Dahl

Since you're gone
Everything looks so empty
Without you
Nights are so coldCan you tell
Tell me how to convince you
Please come back
I won't let you downI won't let you downI can't let you go
Why can't you stay
I still wonder why
I can't let you go
Why can't you stay
Give it one more try
I can't let you goI can't let you goAnd I hope
One day you will forgive me
If I could
I would turn back timeDon't you know
That I'm thinking about you
If you knew
Would you change your mindWould you change your mindI can't let you go
Why can't you stay
I still wonder why
I can't let you go
Why can't you stay
Give it one more tryI can't let you goI can't let you go
