

Electricity - 2003 Digital Remaster

Orchestral Manoeuvres in the Dark

Our one source of energy
The ultimate discovery
Electric blue for me
Never more to be free

Electricity
Nuclear and HEB
Carbon fuels from the sea
Wasted electricity

Our one source of energy
Electricity
All we need to live today
A gift for man to throw away

The chance to change has nearly gone
The alternative is only one
The final sources of energy
Solar electricity

Electricity, electricity
Electricity, electricity
Electricity, eeeeeee
