

Electric Head PT1 (Satan in High Heels Mix)

White Zombie

Perhaps you had better start from the beginning
Perhaps you had better start from the beginning
Perhaps you had better start from the beginning
Perhaps you had better start from the beginning
Perhaps you had better start from the beginning We all go down for the sacrificial moment
Crucifixion nails stain the bed of the holy
Space thing blues diamond studded, sugar coated
Well, I am hell a miracle overloading Turn me on, yeah
Oh, electric head, all over
Turn me on, yeah
Oh, electric head, all over We all go down for the God of the moment
Super demon seed running wild and below and
Head trip news turn a trick to the flow and
Sugarland express what you know and Get inside get in there
Oh, evil in your eyes baby I don't care
Get inside get in there
Oh, see the flesh falling everywhere Turn me on, yeah
Oh, electric head, all over
Turn me on, yeah
Oh, electric head, all over Get inside, get in there
Oh, evil in your eyes, baby I don't care
Get inside, get in there
Oh, see the flesh falling everywhere Turn me on, yeah
Oh, electric head, all over
Turn me on, yeah
Oh, electric head, all over We all go down for a piece of the moment
Watch another burn to the death to the core
And the road show thrills pack the freaks and the phonies
Sing, now is now, yeah, all I ever wanted Turn me on, yeah
Oh, electric head, all over
Turn me on, yeah
Oh, electric head, all over
