

# You Lost Me

## Sleigh Bells

You lost me  
Behind the circle K  
Where our bodies lay  
We took our lives away  
We wanted it this way  
We wanted it this way  
Face down in the dirt  
In your mini-skirt  
Teeth touch the tracks  
Yeah I got your back  
Oh I got your back  
I don't want you to see me this way  
I don't want you to see me this way  
What a way to die  
What a way to die  
(In 1985)  
Down in the ground we can sing from the grave  
Take a breath, take a breath  
I would never lie to you  
But I'm gonna have to tell the truth  
You lost me  
Down in the ground we can sing from the grave  
Take a breath, take a breath  
I would never lie to you  
But I'm gonna have to tell the truth  
You lost me  
Teenage metal heads  
In your denim vests  
Cause you're holding hands  
Through your favorite bands  
All your favorite bands  
You're not the only ones  
Down beneath the sun  
Who never have any fun  
You walk around town  
With your heads way down  
I don't want you to see me this way  
I don't want you to see me this way  
What a way to die

What a way to die  
(In 1985)  
Down in the ground we can sing from the grave  
Take a breath, take a breath  
I would never lie to you  
But I'm gonna have to tell the truth  
You lost me  
Down in the ground we can sing from the grave  
Take a breath, take a breath  
I would never lie to you  
But I'm gonna have to tell the truth  
You lost me  
You lost me
