

Non Dairy Creamer

Third Eye Blind

They call it KFC
'Cause it's not really chicken
Hot cheetos for breakfast
Make a young student sick and
Did you ever think someone's trickin' you... you, you, you? And the guy in the pulpit
Is a bigot and a lie
Some kid walks into my school and opens fire
Heard any good jokes lately?
'Cause we sure do need 'em
My punk band's called Operation Iraqi Freedom What's it gonna be?
Are you real to me?
Or are you non dairy... creamer? A new love is burning up with me
'Cause 1 in 4 American girls has an STD.
And you can buy yourself some implants
But you can't buy a soul that never launched(2x) With your chest pumped out
What are you so afraid about?(2x) What are you so afraid of? What's it gonna be?
Are you real to me?
Or are you non dairy... creamer? And two gay guys got married
And brought the family to its knees
How did they blow us to smithereens
Just a couple of queens
How did they do it
I'll tell you now
They brought marriage to an end
And I've found myself some culprits It's two young gay... REPUBLICANS!
Young gay republicans
Young gay republicans
Young gay republicans What's it gonna be?
Are you real to me?
Or are you non dairy... creamer?(4x) Mission Accomplished
