

# What I'll Never Find

W.A.S.P.

Time to go away  
Down a road I cannot hide  
Will I have no name?  
For destiny's I cannot find Will I wander alone?  
Forever's lonely road of time  
Am I looking for what  
I'll never find? Did you call my name?  
I will be leaving from this dream  
Can you feel the pain  
Slowly leaving me? Will you hold my hand  
And ease me to the other side?  
Am I looking for what  
I'll never find?
