

# The Circle

Ketil Bjørnstad

Cloudless  
Nothing but sky over me  
Peacefulness  
How in this world could it be  
Nameless  
Ghostly you shelter my flame  
I am helpless  
In the black light  
It's a shame  
I'm in the middle of a dream  
I just don't know what it means  
I am at war with my fear  
And I'm lost  
In The Circle, again  
Powerless  
Only the strong will prevail  
Childless  
Alone on this ship I will sail  
Faceless

You try and reach for my Soul  
I'm helpless  
In the black light  
Down the hole  
I'm in the middle of a dream  
I just don't know what it means  
I am at war with my fear  
And I'm lost  
In The Circle, again  
Childless  
Alone on this ship I will sail  
Lord I'm helpless  
I'm lonely and feeling  
So frail  
I'm in the middle of a dream  
I just don't know what it means  
I am at war with the fear (and it can only appear)  
And I'm lost  
In The Circle, again
