

Cloudbusting

Wild Nothing

I still dream of Algernon
I wake up crying you're making rain
And you're just in reach
When you and sleep escape me You're like my yo-yo that glowed in the dark
What made it special made it dangerous
So I bury it and forget But every time it rains
You're here in my head
Like the sun coming out Ooh, I just know that
Something good is going to happen
And I don't know when
But just saying it could even make it happen On top of the world looking over the edge
You could see them coming
You looked too small in their big, black car
To be a threat to the men in power I hid my yo-yo in the garden
I can't hide you from the government
Oh, God, daddy, I won't forget 'Cause every time it rains
You're here in my head
Like the sun coming out Ooh, I just know that
Something good is going to happen
I don't know when
But just saying it could even make it happen And every time it rains
You're here in my head
Like the sun coming out
Like your son's coming out Ooh, I just know that
Something good is going to happen
I don't know when
But just saying it could even make it happen Just saying it could even make it happen
[Incomprehensible] The sun's coming out
Your son's coming out
