

# Carry Me

Steve Camp

There's a hard, hard place nobody ever told me of  
All I ever heard about was peace and love  
I was told that trouble couldn't touch a child of God  
So when the trials came furiously  
It nearly sucked the life out of me  
Until I prayed

Carry me  
Through this world  
Lift me up when I fall  
I am weak  
And You are strong  
And I'll be standin' on my knees  
For only You can carry me

Unto You, O Lord, I will lift up my soul  
Though the storms surround me  
Your grace I know  
For the first time in my life trials are sweet to me  
I learned to share in Your sufferings  
Jesus, my Lord, my King

Carry me  
Through this world  
Lift me up when I fall  
I am weak  
And You are strong  
And I'll be standin' on my knees  
For only You can carry me

I almost gave up hopelessly  
Then Your word brought new life to me

Carry me  
Through this world  
Lift me up when I fall  
I am weak  
And You are strong  
And I'll be standin' on my knees

O Lord, You've got to carry me

Carry me  
Through this world  
Lift me up when I fall  
(Lift me up, dear Lord, when I fall)  
I am weak  
And You are strong  
And I'll be standin' on my knees  
For only You can carry me

For You're all I ever need  
Only You can carry me
