

Love In A Vacuum

'Til Tuesday

Love in a vacuum
Love, love in a vacuum
Love in a vacuum There was a time
You opened up every doorway
You didn't mind if everything
Wasn't your way Don't pull away
That goes against what you told me
I look in your eyes
I realize what you've sold me
Is love in a vacuum Love in a vacuum
(Love in a vacuum)
Love in a vacuum
(Love in a vacuum) I think you've changed
But you insist that that's not true
(Oh, oh, oh, oh)
You look so strange, so distant
That you're hardly you
(Oh, oh, oh, oh) Now I can see
How you have been acting different
(Oh, oh, oh, oh)
You say it's me
But I know that it isn't
It's love in a vacuum Love in a vacuum
(Love in a vacuum)
Love in a vacuum
(Love in a vacuum)
And that's not enough Love in a vacuum
(Love in a vacuum)
Love in a vacuum
(Love in a vacuum) You'll be lonely
You'll be the only one to feel this way
But you'll be lonely
If you leave me alone
(You'll be lonely) You'll be lonely
You'll be the only one to feel this way
(You'll be lonely)
You'll be lonely
You'll be the only one to feel this way It's just not enough
And just wait

You'll be lonely, yeah Love in a vacuum
(Love in a vacuum)
Love in a vacuum
(Love in a vacuum)
And that's not enough Love in a vacuum
(Love in a vacuum)
Love in a vacuum
(Love in a vacuum) Love in a vacuum
