

# Christmas Morning

[Hayley Westenra](#)

Advisory - the following lyrics contain explicit language:

Colored lights upon the tree  
Rocking horse and snow fairy  
Gathered round the fire at night  
Carols sung by candlelight Watch the snowflakes touch the ground  
Falling softly on the town  
Frosted windows in the morn  
Woolly jumpers newly worn Friends and family pass around  
Presents brought from out of town  
Listen to the joyful sounds of morning Trinkets hang upon the tree  
Candy canes so sugary  
Waiting for the house to wake at dawning Tinsel hung from wall to wall  
Mistletoe upon the door  
Mugs of cocoa steaming hot  
Eggnog ladled from the pot Friends and family pass around  
Presents brought from out of town  
Listen to the joyful sounds of morning Trinkets hang upon the tree  
Candy canes so sugary  
Waiting for the house to wake at dawning Friends and family pass around  
Presents brought from out of town  
Listen to the joyful sounds of morning Trinkets hang upon the tree  
Candy canes so sugary  
Waiting for the house to wake at dawning
