All Around Me

Audio Adrenaline

In the morning
I watch the sun rise
I feel the sunshine
Open my eyes
Look out a window
To see the blue skies
Feel the wind blow
Close my eyes
I see You all around me
I see You everywhere
Your wonder, it surrounds me
You're beautiful
You're beautiful
I see Your imprint
I see the traces
Of Your beauty
On the faces
Of all the people
Passing by me
You're everywhere
I feel You moving
I see You all around me
I see You everywhere
Your wonder, it surrounds me
You're beautiful
You're beautiful
I see You all around me
You're beautiful
I see You all around me
I see You everywhere
Your wonder, it surrounds me
You're beautiful
I see You
I see You
I see You all around me
I see You everywhere
And You're beautiful
You're beautiful
So beautiful

So beautiful
