

# Burn

## Scott Bradlee & Postmodern Jukebox

We, we don't have to worry about nothing  
Cause we got the fire  
And we're burning one hell of a something They, they gonna see us from outer space, outer space  
Light it up  
Like we're the stars of the human race, human race When the lights turned down  
They don't know what they heard  
Strike a match, play it loud  
Giving love to the world We'll be raising our hands  
Shining up to the sky  
Cause we got the fire, fire, fire  
Yeah we got the fire fire fire  
And we gonna let it burn burn burn burn  
We gonna let it  
Burn burn burn Gonna let it burn burn burn burn  
We gonna let it burn burn burn burn We don't want to leave  
No We just gonna be right now  
And what we see  
Is everybody's on the floor acting crazy getting lurker to  
Turn the lights out Musics on, I'm waking up  
We stop the vibe  
And we bump it up And it's over now  
We got the love  
There's no secret now  
No secret now  
When the lights turned down  
They don't know what they heard  
Strike a match  
Play it loud  
Giving love to the world We'll be raising out hands  
Shining up to the sky  
Cos we got the fire, fire, fire  
Yeah we got the fire, fire, fire And we gonna let it burn burn burn burn  
We gonna let it burn burn burn burn Gonna let it burn burn burn burn  
We gonna let it burn burn burn burn  
When the lights turned down  
They don't know what they heard  
Strike a match  
Play it loud  
Giving love to the world We gonna let it burn burn burn burn
