

We Will

Varsity Fanclub

Girl, whatcha waitin' for?
We can get it on, we can set it off
Baby 'cause you know
If no one wants to start the show
Then we will, we will Girl, whatcha waitin' for?
We can get it on, we can set it off
Baby 'cause you know
If no one wants to start the show
Then we will, we will Here is your chance
Let me see you stand up
If you ain't got the moves
Make your own dance up, come on Let the music be the source of your energy
Baby, can you feel my sexuality?
Come on, we can party all of the world Don't tell me to stop
I couldn't do it if I tried
I'll sleep when I die
You want me to slow down
Never baby, here we
