

# Live As One

## David Grace & Injustice

Till we all learn to live as one  
We will forever be protesting  
Till the height of Aroha exceeds the moon and the Sun  
We all have to live life and take it as it comes

Harmonica Interval

Till weâ€™re walking with our Ancestors  
But not before time weâ€™ve got matters to attend to  
Till the height of Aroha and messages are done  
We all have to live life and take it as it comes

Harmonica Interval

Yes amidst the company, Oh my little brother  
The times we had no one can take away  
Youâ€™re with us night and day we feel your presence with us  
Now we all have to live life and take it as it comes

Harmonica Interval

Youâ€™re with us night and day we feel your presence with us  
Now we have to live life and take it as it comes
