Angels of the Winter Dawn

Luca Turilli

Feeling so lost
trapped in a hybrid clones' world
echoes and ghosts
wandering sad and lonelyDead or Alive?
catching the wind of sorrow
dust in the eyes
victim of neural blindness
inner fightHeaven and hell
the biblic choice for mankind
sinners and pain
destined to be condemnedNo way and no shame
to underline the misrule
bitter awake
the clear embrace of dark fate
Where and why?IN YOUR SILENCE
I COULD FIND THE HIDDEN WORDS
ALL THE SECRETS LOST IN HEAVEN
AND MY ANGELS OF THE WINTER DAWN
IN YOUR WONDER
I COULD HEAR THE INNER CALL
IN A CRYSTAL TEAR OF WATER
WELCOME ANGELS OF THE WINTER DAWNRed bleeding rose
message of shining presence
trace in the snow
of sudden revelationMaterial lie
merciful words of order
I freed my ears
for a new astral conscience
White star shineIN YOUR SILENCE
I COULD FIND THE HIDDEN WORDS
ALL THE SECRETS LOST IN HEAVEN
AND MY ANGELS OF THE WINTER DAWN
IN YOUR WONDER
I COULD HEAR THE INNER CALL
IN A CRYSTAL TEAR OF WATER
WELCOME ANGELS OF THE WINTER DAWNWhere and why?
White star shineIN YOUR SILENCE
I COULD FIND THE HIDDEN WORDS
ALL THE SECRETS LOST IN HEAVEN

AND MY ANGELS OF THE WINTER DAWN
IN YOUR WONDER
I COULD HEAR THE INNER CALL
IN A CRYSTAL TEAR OF WATER
WELCOME ANGELS OF THE WINTER DAWN
