

# Manic Star

## Ronski Speed

One day, yes, one day less to live  
I want you to be my sedative  
Sometimes when I drive my car  
I feel trapped like a bee inside a jarGrains of sand is all we are  
Crawling on our manic star  
One tiny person in one shiny car  
Spinning on our manic starTime doesn't stop for anyone  
It doesn't matter what you've done  
I want to lose myself in you  
Are you afraid of dying too?Grains of sand is all we are  
Crawling on our manic star  
One tiny person in one shiny car  
Calling from our manic starLet's love like there is no tomorrow  
Shelter each other from the pain and sorrowManic starGrains of sand is all we are  
Crawling on our manic star  
One tiny person in one shiny carDon't know how I got this scar  
Crawling on our manic star  
I'm all right, at least so far  
Hanging on our manic star  
Spinning on our manic star  
Calling from our manic starManic star  
Manic star
